HOW YOU EARN

Play today, get paid tomorrow

Place on a board and your share of the day's pot is yours to claim.

Buy Kredits

One Kredit is 0.01 SOL.

Enter

One Kredit enters today's Daily. Enter as often as you like.

Feed the pot

90% goes to the next Daily's pot. 10% is the team's share.

Climb

Two boards share each day's pot: Score and the day's objective.

Claim

The top places are paid, first place most. Thirty days to claim.

You also keep

- Ladder points that never decay
- A border for your tier
- Your daily streak
- Devnet SOL today

THE FLYWHEEL

Today's entries are tomorrow's pot

Every entry makes the next Daily worth more, so the game grows by being played.

- **Unclaimed prizes roll into a later pot**
- **Your streak and the ladder bring you back**
- **Players' entries seal each day: no operator needed**

Why on chain, why Solana

ON CHAIN, BECAUSE

The pot pays you itself
It sits in the program, not with us.

Nobody can edit the boards
The program ranks every run. Not even the team can add a row.

Nobody picks your blocks
Every new row is drawn by verifiable randomness.

ON SOLANA, BECAUSE

Moves at game speed
Confirmed in about a quarter of a second, on a MagicBlock rollup.

Your wallet, no pop-ups
Connect with Mobile Wallet Adapter, approve once, then just play.

Made for Seeker
Your Seeker ID and Genesis badge. Next: the Solana dApp Store.
